OUR STORY

IT ALL STARTED WITH AN ACT OF KINDNESS

In 2016, Lucas left Brazil for a new adventure in Australia. Ten years on, he calls it home.

He remembers what it's like to be new: far from family and still finding your feet. So he began inviting people who were doing it tough on a day trip out of the city. No big plan, just good places, good conversation and a chance to breathe.

That's how 77Tours was born. The trips have grown, but the heart hasn't changed.

"Every guest is treated like a friend."

"I've been on more tours than I can remember, but this one stands among the absolute best. Lucas was our exceptional guide... you'll see hidden gems known by locals and have a family-like vibe with your tour group. One of the absolute best tours I've been on through six different continents."

🇺🇸 **Rashun, United States**

★★★★★

"If I could give a thousand stars I would! Lucas is a fantastic guide, he actually cares about your experience, not just some big company... He made sure to show us hidden spots and made a lot of stunning photos and videos with his drone and our phones! Highly recommend!"

🇰🇷 **Alina & Isaiah, South Korea**

★★★★★

"Best experience ever! Lucas is the kindest tour guide ever and has a lot of knowledge of the best places in Sydney, NSW, Hunter Valley, Jervis Bay and more! He is so thoughtful and energetic, and you have so much fun with all the other people exploring. We will definitely book more tours with him, absolutely loved it!"

🇧🇷 **Giuliana, Brazil**

★★★★★

"Honestly, this has been the best tour I've done in Australia... what truly made the difference was the guide. You can feel the passion, the good vibes, and the genuine desire to make sure everyone enjoys it. And the drone photos... the cherry on top! From the heart, I 100% recommend it."
